Cedar River Clinics – Tacoma is seeking an advanced practice clinician experienced in providing well-woman care, birth control, and medical abortions.

Summary of Major Responsibilities:

- Provide primary and preventative care which consists of routine gynecological care following established protocols.
- Assess health status.
- Diagnose acute and chronic health conditions and diseases.
- Develop and implement a treatment plan.
- Follow-up and evaluate patient health status.
- Gynecologic assessment.
- Diagnostic and screening tests.
- Clinical management of hormonal contraception.
- Health teaching and counseling regarding maintenance of health, family planning, and preparation for children.
- Diaphragm fitting.
- Cervical cap fitting.
- IUD removal.
- Initiate and direct cardiopulmonary resuscitation (CPR) and advanced cardiac life.
- Clinical management of medical emergency situations.
- Conduct patient assessment, Rx and renew prescriptions based on established protocols and clinical practice guidelines.

Additional Responsibilities:

- Medical Abortions – Administration of Mifepristone and Misoprostol.
- Post-abortion examination and assessment.
- Ultrasound imaging of the uterus and surrounding structures to locate the pregnancy, age the pregnancy or confirm clean, intact uterus following the procedure.
- IUD Insertion.
- Initiate and direct advanced cardiac life support (ACLS) as appropriate.

Summary of Skills:

- Current licensure and certification in the State of Washington with prescriptive authority.
- Current CPR certification.
- Thorough knowledge of and experience in reproductive health, abortion recovery and complications, contraceptive methods, and STD's.
- Commitment to reproductive choice and freedom.
- Participate in ARNP services program ongoing development and refinement.
- Participate in Medical Provider Peer Review.
- Participate, when requested, as a member of the Medical Advisory Committee by attending scheduled meetings and offering input and ideas.
- Must be able to travel to other sites within Washington State with possible overnight stay.

Qualities we seek:

- Demonstrated leadership (Integrity, collaboration, follow-through, respect).
- Awareness of social justice and women's rights issues.
- Ability to communicate proactively and effectively both verbally and written with professionals, clients and Healthworkers.
- Pro-choice and supportive of women who do choose abortion.
- Creativity, reliability, flexibility, initiative, self-motivation.
- Working computer knowledge of Microsoft Office programs as well as medical databases.
- Experience in abortion services a plus.
- Bi-lingual in Spanish a plus.

Feminist Women's Health Center is a social change organization that combines *direct services* (abortion and reproductive health care), with *activism* (to preserve the right to choose) and *community education* (to demystify health information and empower health decisions).

VISION: We have a vision of a world where all women freely make their own decisions regarding their bodies, reproductive and sexuality – a world where all women can fulfill their own unique potential and live healthy, whole lives.

MISSION: To achieve reproductive freedom, FWHC provides abortion and birth control so women can decide their own destinies.
